

# Deliverable #3 Template

SE 3A04: Software Design II – Large System Design

**Tutorial Number:** T03

**Group Number:** G06

**Group Members:**

- Virochaan Ravichandran Gowri
- Alex Yoon
- Noah Goldschmied
- Krish Dogra
- Leo Vugert

# **1 Introduction**

## **1.1 Purpose**

This document provides a more detailed look into the implementation details of the VanklComm application. The document contains state chart diagrams, sequence diagrams, and a detailed class diagram of the system.

The intended audience of the document are the stakeholders of VanklComm, which includes the developers, managers, investors, and any domain experts used for consulting. Deliverables 1 and 2 should be read prior to this document to ensure proper context for the project, and some technical knowledge is beneficial in order to properly read the diagrams seen in this document.

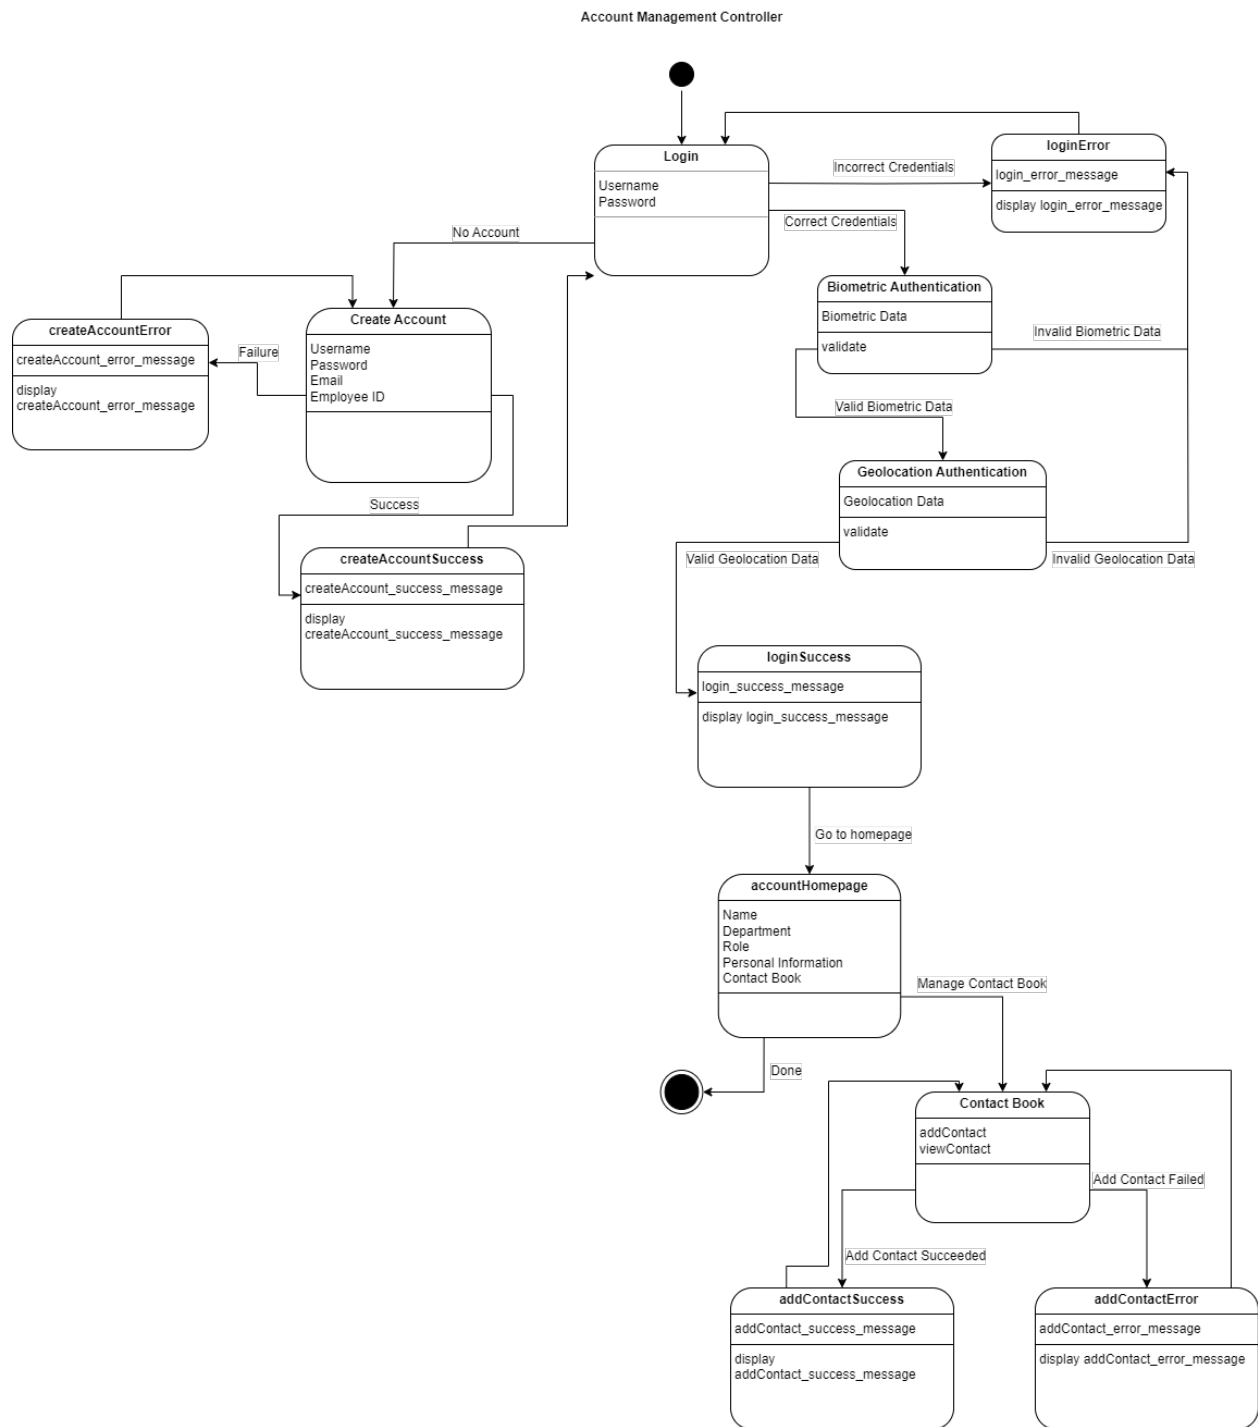

## **1.2 System Description**

An in depth overview of the system can be found in Deliverable 2. This document is a supplementary to Deliverable 2, and it provides more details to the system in the form of state charts, sequence diagrams and a class diagram.

## **1.3 Overview**

This document contains many types of charts/diagrams. In section 2, there are state chart diagrams for every controller class that is found in the ACD in Deliverable 2. In section 3, there are relevant sequence diagrams to the system, and in section 4 there is a detailed class diagram which describes the architecture of the system.

## 2 State Charts for Controller Classes

**Figure 2.1 Overall Account Management Controller State Diagram**

A more zoomed in view can be found in figures 2.1.1, 2.1.2, and 2.1.3.

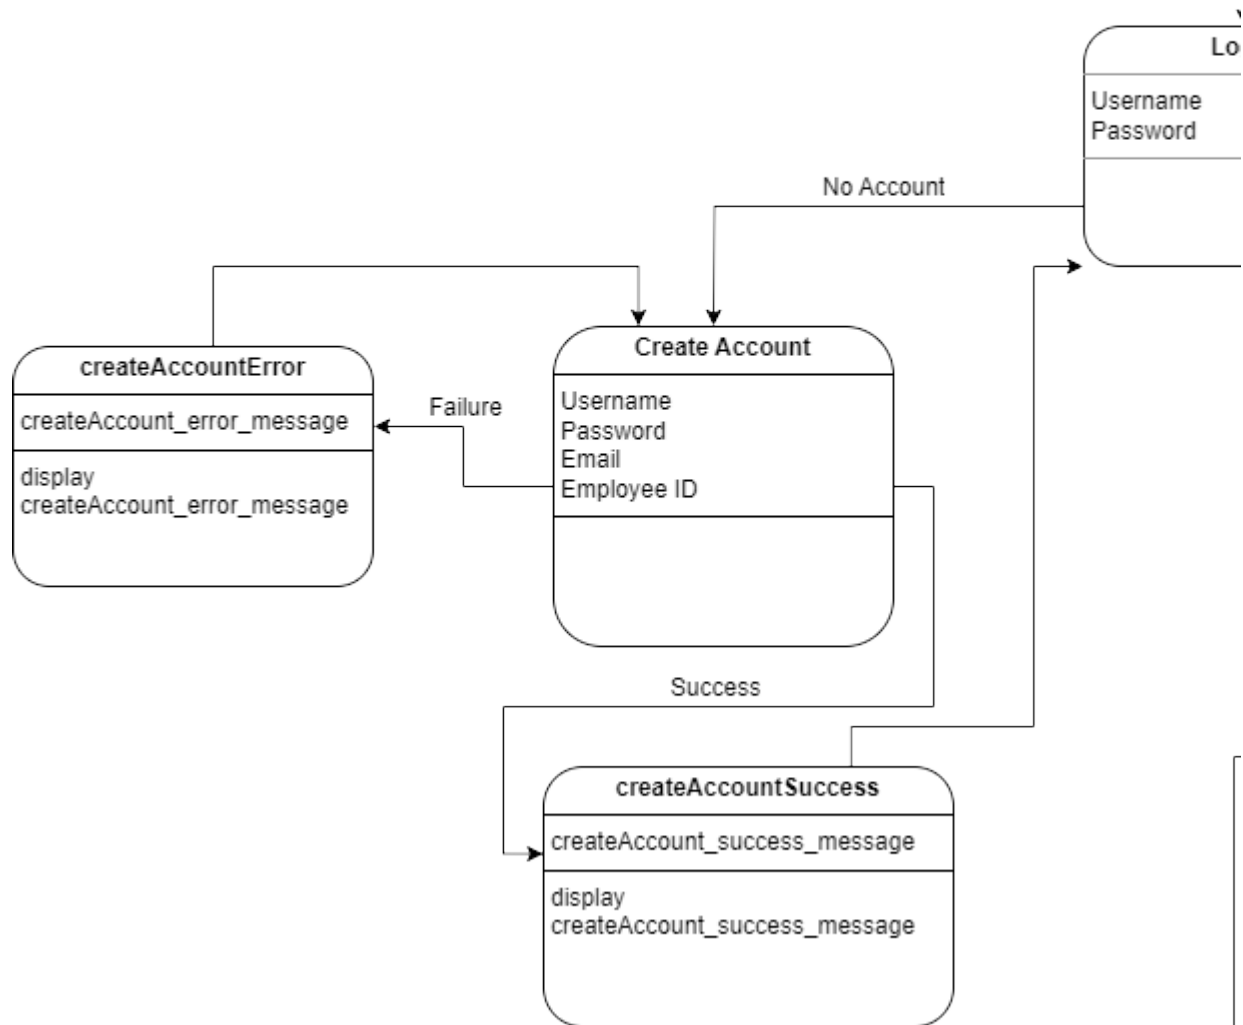

Figure 2.1.1 Top Left of the Account Management Controller State Diagram

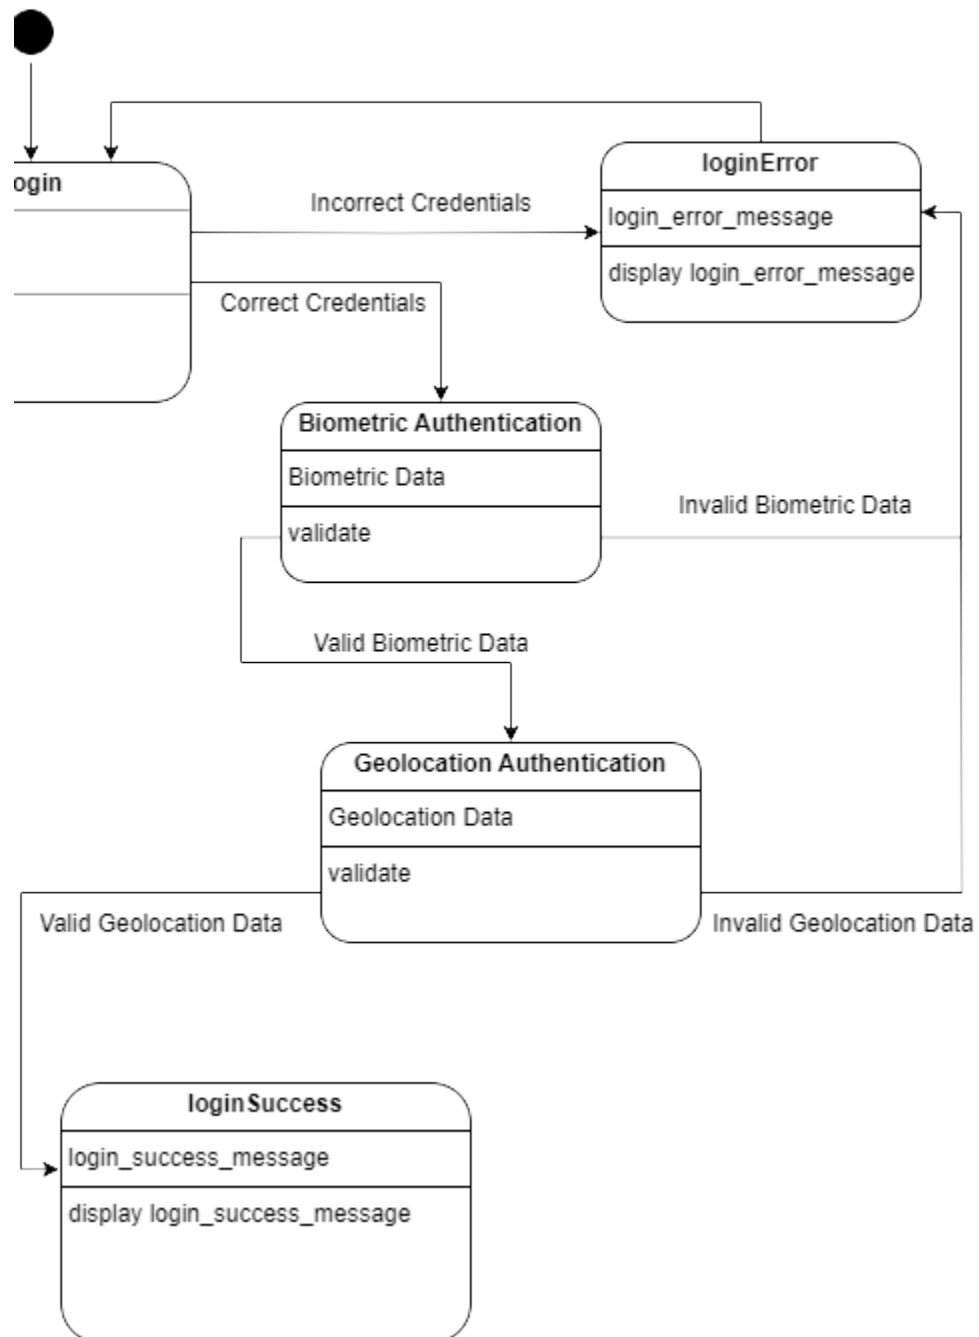

Figure 2.1.2 Top Right of the Account Management Controller State Diagram

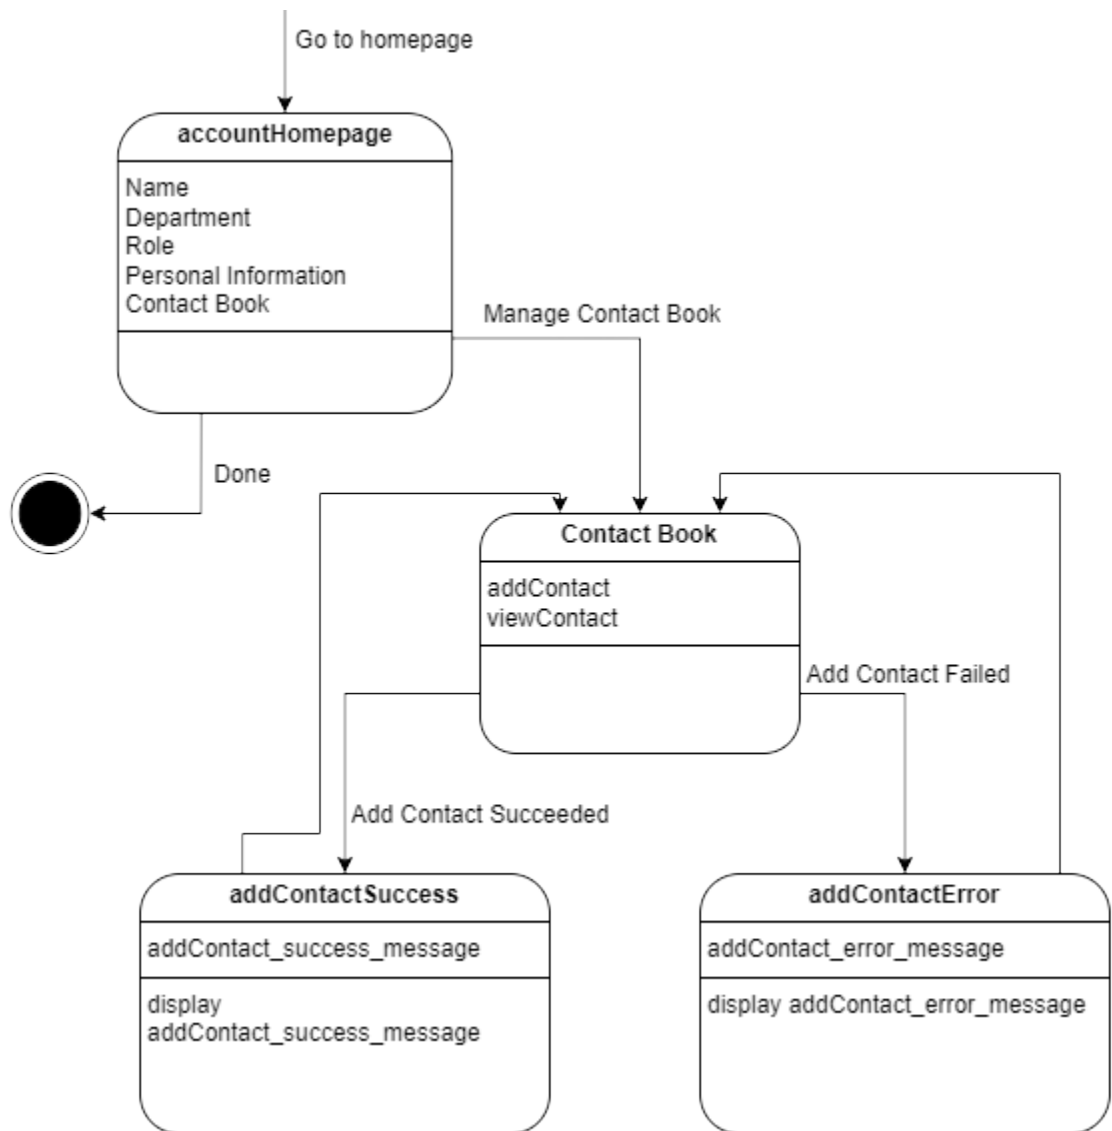

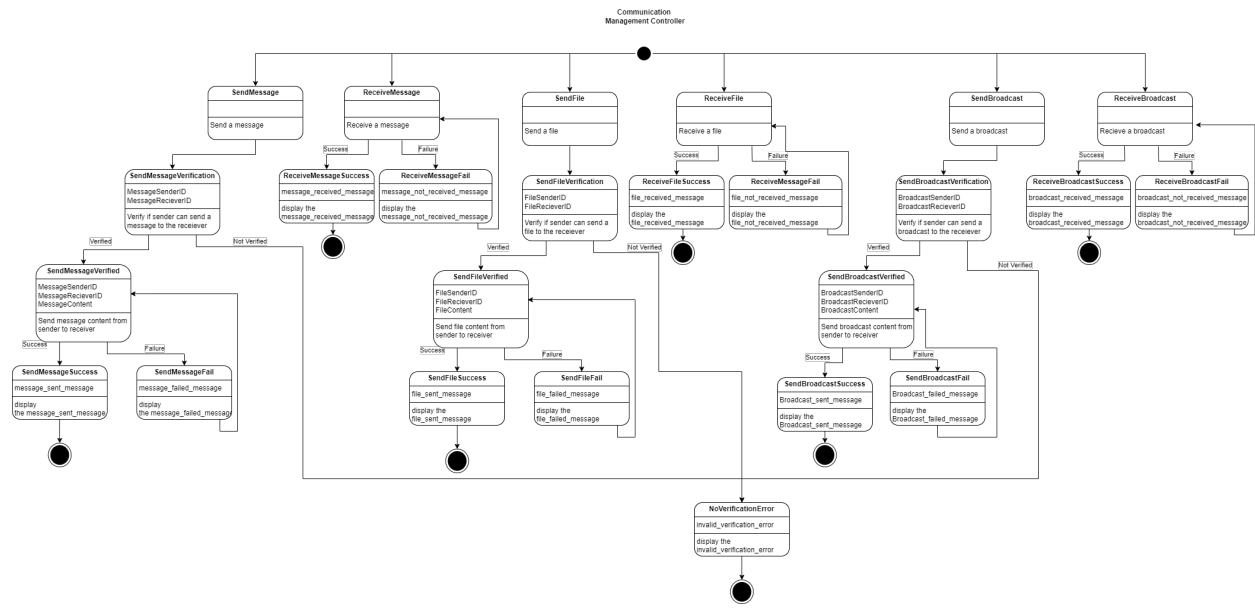

Figure 2.1.3 Bottom of the Account Management Controller State Diagram

**Figure 2.2 Overall Controller Management Controller State Diagram**

A more zoomed in view can be found in figures 2.2.1, 2.2.2, 2.2.3, and 2.2.4.

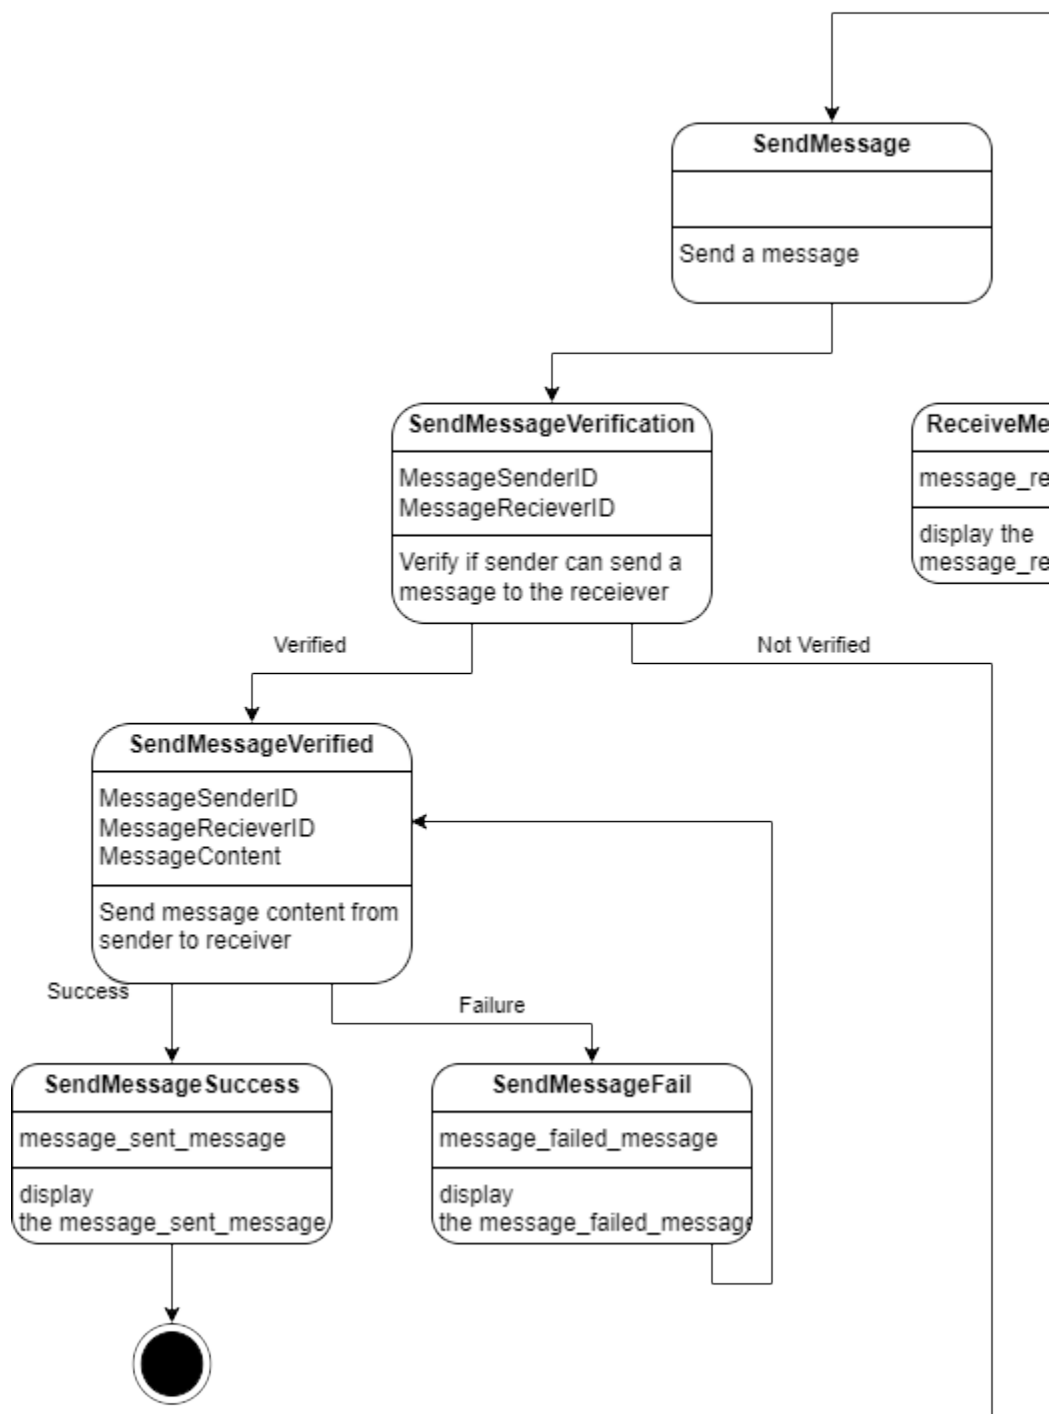

Figure 2.2.1 Left of the Controller Management Controller State Diagram

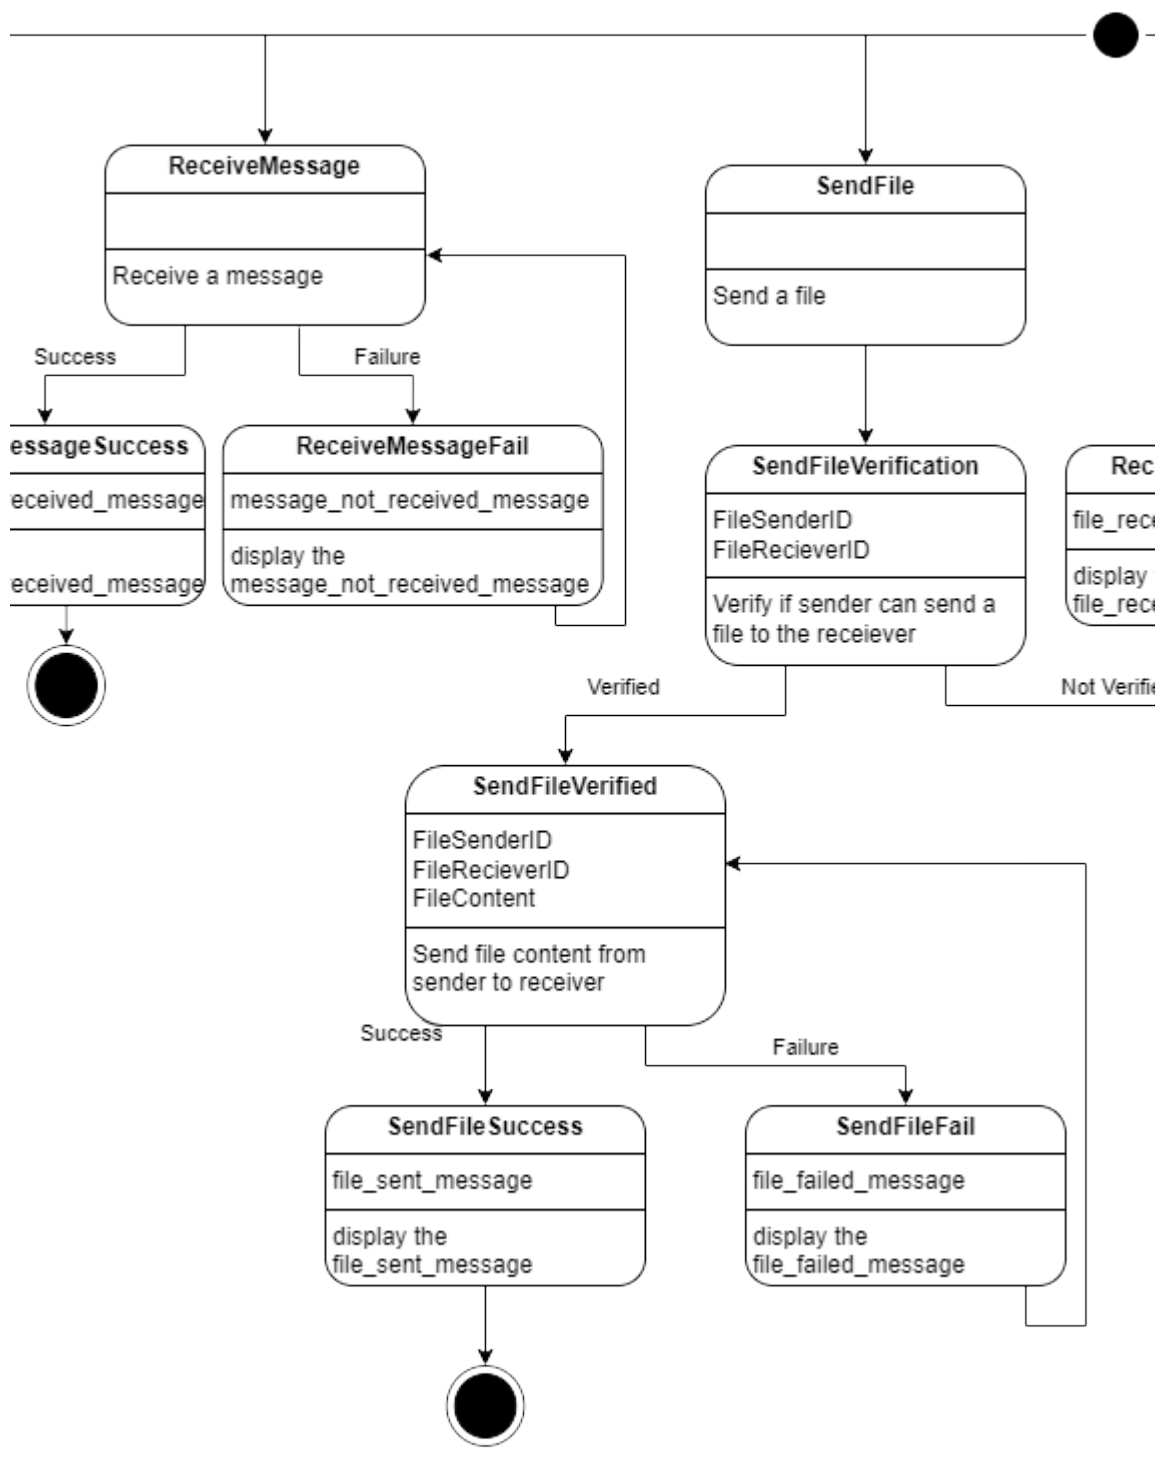

Figure 2.2.2 Middle Left of the Controller Management Controller State Diagram

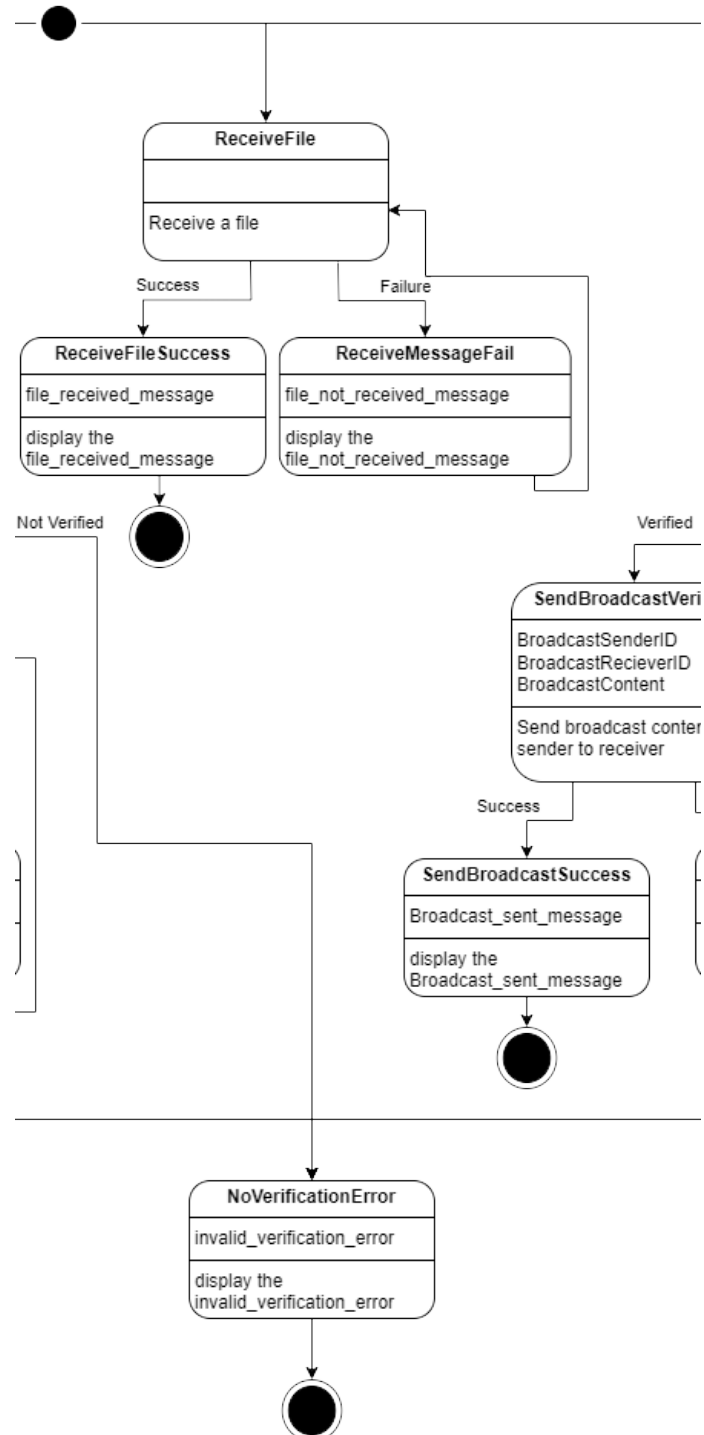

Figure 2.2.3 Middle Right of the Controller Management Controller State Diagram

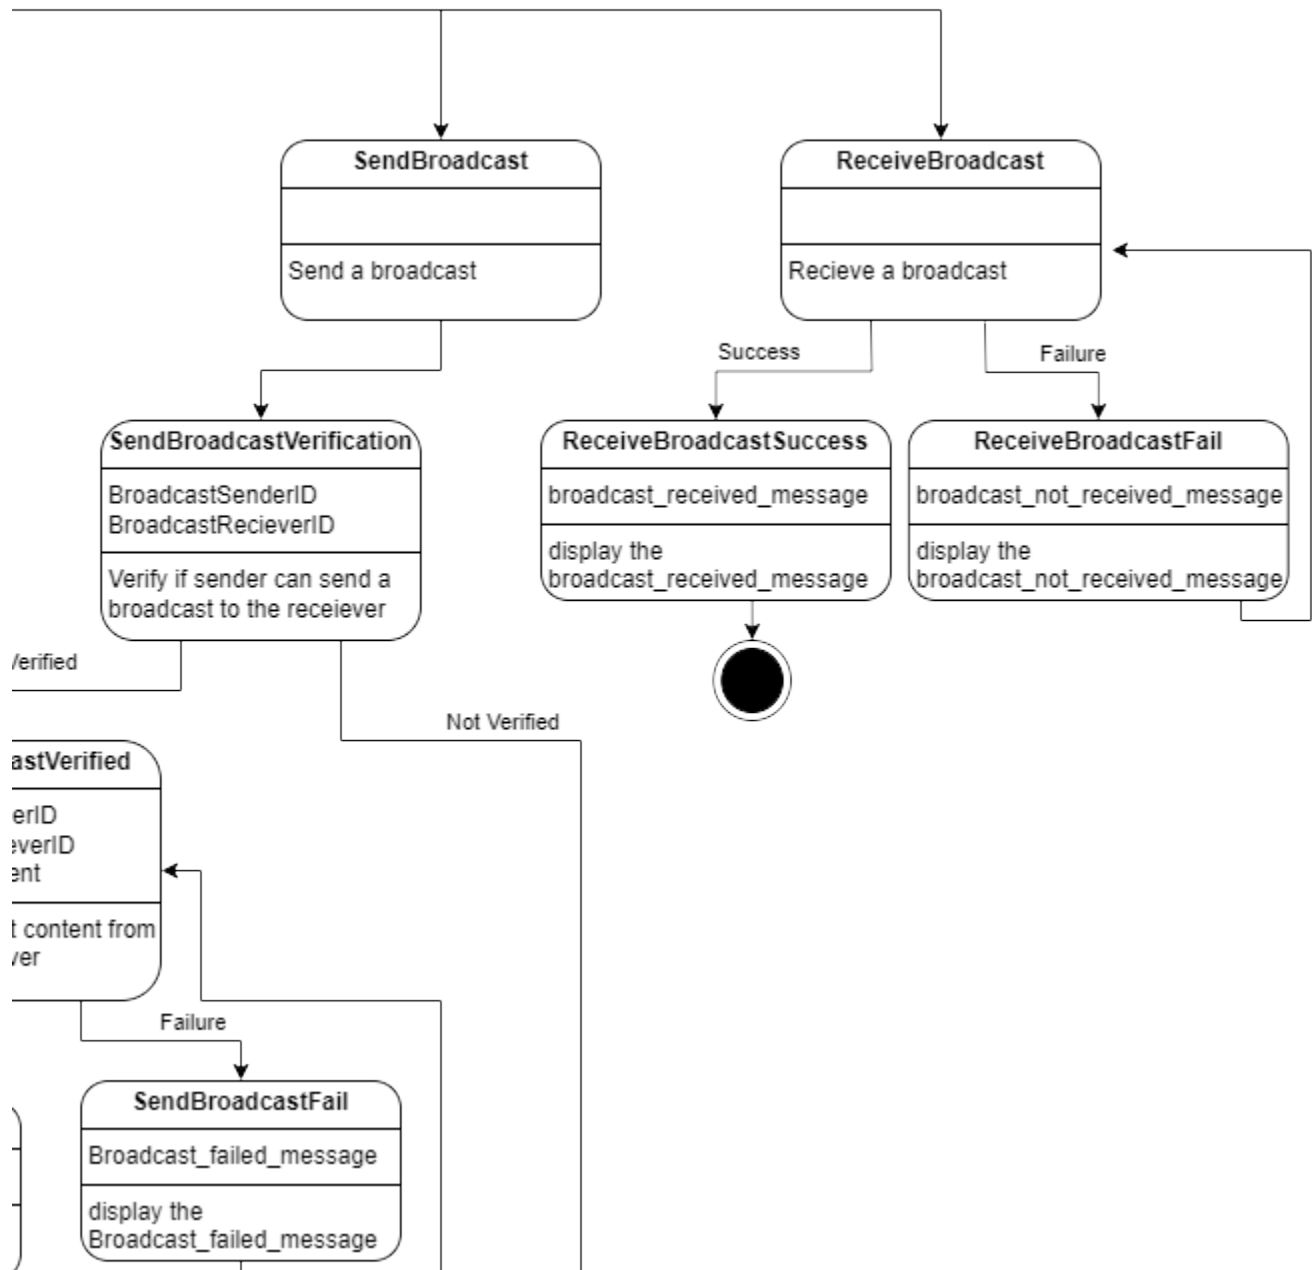

Figure 2.2.4 Right of the Controller Management Controller State Diagram

### 3 Sequence Diagrams

This section should provide a sequence diagram for each use case of your application.

### 4 Detailed Class Diagram

This section should provide a detailed class diagram for your application.

## **A Division of Labour**

Include a Division of Labour sheet which indicates the contributions of each team member. This sheet must be signed by all team members.

## IMPORTANT NOTES

- You do NOT need to provide a text explanation of each diagram; the diagram should speak for itself
- Please document any non-standard notations that you may have used
  - *Rule of Thumb*: if you feel there is any doubt surrounding the meaning of your notations, document them
- Some diagrams may be difficult to fit into one page
  - It is OK if the text is small but please ensure that it is readable when printed
  - If you need to break a diagram onto multiple pages, please adopt a system of doing so and thoroughly explain how it can be reconnected from one page to the next; if you are unsure about this, please ask me
- Please submit the latest version of Deliverable 1 and Deliverable 2 with Deliverable 3
  - They do not have to be a freshly printed versions; the latest marked versions are OK
- If you do NOT have a Division of Labour sheet, your deliverable will NOT be marked
